

UCIT Online was presented with the 2011 Gold Partner of the Year award by Axis Communications

AXIS CANADIAN PARTNER SUMMIT IN NIAGARA-ON-THE-LAKE, ONTARIO

UCIT Online was presented with the 2011 Gold Partner of the Year award by Axis Communications during the inaugural Axis Canadian Partner Summit in Niagara-on-the-Lake, Ontario. UCIT Online received this honor as a direct result of its outstanding achievement as a Solution Gold Partner in Axis' Channel Partner Program.

As an integrator in Axis' Channel Partner Program, UCIT Online has been a long-standing partner with Axis in the Canadian market since 2005.

Devoted to continuous success in the industry with our partners, Axis' Channel Partner Program was designed to help channel partners capitalize on Axis' market leadership in the fast-growing network video industry. As a channel-oriented company, Axis views partners as an extension of their team, playing a key role in the overall success of their company. Channel Partners are given sales advantage benefits, such as lead-sharing and early product information.

About Axis Communications

Axis is an IT company offering network video solutions for professional installations. The company is the global market leader in network video, driving the ongoing shift from analog to digital video surveillance. For more information about Axis, please visit our website at www.axis.com.

The Axis Canadian Partner Summit is an annual gathering of Axis' top distributors, systems integrators, development partners, strategic infrastructure partners and consultants in Canada. The event includes educational sessions relating to IP-based technology trends, review of the Axis product portfolio and future plans, and highlights of customer success stories.

Niagara-on-the-Lake, Ontario

An incredible journey to beautiful Niagara-on-the-Lake, Ontario to explore and discover how to enhance the growth in network video through continuous partnership with Axis.

UCIT Online is a hi-tech security company specializing in video surveillance and remote monitoring technology. UCIT provides clients with vastly superior site monitoring and security solutions compared to traditional, labor intensive security guards.
